Re: Notification of Regulated Waste Activity
Request for New EPA ID Number
Former Howmedica, Inc. Site, 359 Veterans Boulevard, Rutherford, NJ 07070

Dear Mr. Hoyt:

As we discussed October 29, 2001, please find a new Notification of Regulated Waste Activity for the above referenced property on behalf of Pfizer Inc.

On December 4, 1998, Pfizer Inc (Pfizer) sold the facility located at 359 Veterans Boulevard, Rutherford, New Jersey (Former Howmedica, Inc. Site). During this process, the EPA ID number NJD052077682 was transferred to the new owners and operators of this property, Stryker Howmedica Osteonics Corporation. Stryker continues to own the property and operate the manufacturing facility.

Pursuant to a remediation agreement dated December 3, 1998 between Pfizer and the New Jersey Department of Environmental Protection (NJDEP), Pfizer is responsible for implementing the requirements of the Industrial Site Recovery Act (ISRA). As part of the remedial activities being performed at the Site by Pfizer, a variety of hazardous groundwater and soil will be generated during the remediation of a specific area of the site.

As a result of the ISRA activity, Pfizer Inc is requesting its own unique EPA ID number for this site, since it no longer owns this property, yet is still responsible for the waste materials generated in the cleanup of this property. This new EPA ID number will be used for the disposal of groundwater and other potential wastes generated during Pfizer's ISRA remedial activities. As you indicated, since the area is unique to the remaining operations of the plant, it will be best to issue Pfizer a new and distinctive EPA ID number.

Please note that the new EPA number being requested by Pfizer Inc **will not** replace the EPA ID number (NJD052077682) that is now being used by the current property owner and operator, Stryker Howmedica Osteonics Corporation. Howmedica Osteonics

NOV 02 2001

Corporation will continue to use EPA ID No. NJD052077682 to dispose of wastes generated by its manufacturing operations at the site.

If you have any questions regarding this issue, please do not hesitate to contact me at (212) 733 - 4670.

Sincerely,

Report Description

This report presents available information from the Resource Conservation and Recovery Act Information System (RCRAInfo) about compliance evaluations, violations, and enforcement actions meeting the criteria supplied by the user. Evaluations showing no violations does not always indicate that no violations were determined. Violation without enforcement actions does not always mean no enforcement action will be issued. In order to avoid releasing enforcement sensitive information to the public the following information is not shown on the report: pending civil / judicial referrals, criminal actions and referrals, and State to EPA referrals; all other enforcement actions are released.
